

# Chioma Okeke

## Junior Backend Developer

Results-oriented recent college graduate with a Bachelor of Science (B.S.) in Computer Science. I have a good knowledge of combining HTML, CSS and Javascript to design and develop appealing and responsive websites. Aiming to leverage acquired academic knowledge and proven communication, problem-solving, and teamwork skills to successfully fill the Junior Backend Developer role at your company. I can be relied upon to help your company achieve its goals.
